

## **WANTED: Committee Volunteers**

***The Seminole Education Association (SEA) is working to become the strongest organization it can be and we need your help!***

*The organization is not just a handful of people doing the everyday business, rather it is all our members working together that makes us strong. Maybe you didn't want to be the faculty representative at your school, but you do want to be an active participant in your association. Now is your chance! Please come and join us on one or more of the following committees. SEA is always looking for willing members to serve in whatever capacity they can.*

*If interested, please check one or more of the following committees and return this form to the SEA office via the courier.*

**Instructional and Professional Development (IPD) Chair: Barbara Nauditt**

Do you wonder who develops the positions SEA takes on matters that affect instruction, teacher recruitment and selection, continuing education, staffing practices, and curriculum content? The answer is the Instructional and Professional Development Committee. This year the committee is working on training programs relevant to teacher-based personnel. They could use your help in coordinating these workshops.

**Bargaining – Chair: Trent Daniel**

This committee has a most important function: negotiating your contract. Individuals indicating interest will be considered for one of our collaborative bargaining teams.

**Membership – Chair: Becky Dumes**

With one voice we become stronger and our bargaining power increases. If you agree, then join us on the Membership Committee to help our organization reach 100% membership. We need your new ideas and viewpoints as we strive to reach our goal of 100%.

**Public Relations Chair: Darren Hutchinson**

Are you concerned that the image of public education is not what it should be? We keep hearing about what is wrong with public education. Now is the time to get the word out about what is right with public education. Join us on the Public Relations Committee as we develop and coordinate programs designed to enhance the profession and the image of the association with members, non-members, and the public at large.

**Minority Affairs - UniServ**

Are you interested in developing programs designed to heighten awareness of minority educators' concerns? Then come join us on this UniServ committee as we delve into these concerns and continue work on projects and activities highlighting a variety of ethnic minority celebrations.

**Social Events – Co-chairs: Rose Karnes and Tracey Wight**

Do you like to plan social events or maybe you just like to attend them? We need your expertise on the Social Events Committee as we strive to promote fellowship within the association. This committee is also responsible for organizing the refreshments at the monthly SEA Faculty Representative Assembly meetings.

**Elections – Chair: Jean DeWitt**

How are nomination and election procedures for association elections established? Who counts the ballots from these elections? Well, these are the duties of the Elections Committee. Help us review the current policies and make changes as necessary.

**Legislative –UniServ**

Do you favor the policies that legislators are making that affect the status of our public schools? If not, then come and take an active role on the UniServ Legislative/PAC Committee and help us to influence change.

**Retirement – Chair: Sylvia Sandin**

Are you getting close to retirement or just concerned about what retirement will be like when you get there? Get involved on the Retirement Committee as we enhance members' awareness of retirement benefits and legislative issues concerning retirement.
